Report of Principal and School Improvement Council

Riverview Elementary School is located in the suburban town of Fort Mill, SC. Traditionally, student growth has been limited because of the attendance area it serves. However, even with the recent down turn in the economy and housing industry, Fort Mill has continued to experience positive student growth. At Riverview Elementary we have experienced unprecedented fluctuations in our student population numbers due to enrollment caps that were placed on two neighboring schools in our district. We have had the opportunity to welcome new students from the Gold Hill and Orchard Park Elementary attendance zones due to an enrollment freeze at their schools. We are excited to have those new faces joining the Riverview family! Much of the growth in Fort Mill has been attributed to the lure of quality schools by those who work in nearby metropolitan Charlotte, NC. Less than 15 miles from Charlotte, Fort Mill has been deemed a "bedroom community" because of the large number of residences made up of people who work in Charlotte. The close proximity of our district to Charlotte, NC and Rock Hill, SC has provided our students and staff with opportunities with nearby colleges, museums, science centers, farms, libraries, parks, etc. Riverview Elementary School has an enrollment of over 590 students. We have classes ranging from Kindergarten through 5th grade and self-contained special needs classrooms. Additionally, Riverview houses the school district's only four-year-old Half-day Kindergarten program. Riverview is characterized by a strong sense of community. Our strong sense of community leads naturally to the desire to give back through community service such as Red Cross, Fort Mill Care Center, American Heart Association and our partnership with Fort Mill High School. As a result of these, and other programs, we are developing leaders among both our staff and our students. Riverview's unique status as a Professional Development School, partnering with Winthrop University, enhances our staff, staff development, and resources. We have also been selected by the South Carolina Department of Education as one of eight RtI (Response to Intervention) demonstration sites. We have also implemented the M3 (Mentoring Mathematical Minds) program and are investigating becoming a "Leader in Me" school. Our facility is a one-story structure, which opened in 1974. Renovations in 2000-2001 have given the interior a "new school" appearance. Nineteen new classrooms and a new gym were added to the existing building. Every existing classroom was upgraded with painting, cabinetry, and carpeting. Student work, school colors, murals, and our school logo adorn the hallways of the school. We have a large gym, extensive media center with an AV studio, art room, music room, courtyard with butterfly garden, outdoor class space, and three playgrounds.

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.
